EXPERIENCE

We have delivered Design & Construction solutions across the spectrum, for both public & private sectors. Each project is looked at with fresh eyes, but with a wealth of experience to draw on, in collaboration with our Clients from the outset, and this approach has proven time and time again to result in buildings that deliver the highest satisfaction.

COST CONTROL
We exercise strict budget control in a number of ways. First, our purchasing power and knowledge of the market and subcontractor market allow us to deliver the best possible value for every construction project. Second, our adherence to cost discipline, strictness and critical path purchasing after additional savings. Finally, real-time reporting provides you with sufficient lead time to make informed business decisions that further control costs.

SERVICES

PRE-CONSTRUCTION
Site Selection, Site Evaluation - Concept Studies, 2D & 3D Visual, Technical & Structural Drawings, etc. as per Client's requirements.

CONSTRUCTION MANAGEMENT
Site Supervision by Highly Qualified Staff (Civil Engineering, Labour Supervision, Material & Equipment Arrangement - Quality Control, Construction Management - Safety Management, Monthly Feedback Reports to the Client - Finalizing Bills)

POST CONSTRUCTION
Final Inspection/Handover Report - Handing Over the Project to the Client - Free Maintenance after Completion - Handing & Sale of Project Certificate of Project Completion - Member's Guarantee - Contract Clause D.4

GUIDANCE

you are in good hands

We work hard to understand our Client's needs and to identify solutions that will continue to work into the future. Buildings are there to serve the people that use them - not the other way around.

Commercial & Legislative requirements dictate ever higher levels of future proofing. As leaders in sustainable designing & construction, we guide our clients through the requirements of the future ensuring buildings that will work for decades to come.

Plot # 10 - A PROFESSIONAL ADDRESS

The unique concept and noticeable development of Bahria Exclave Islamabad within short period has earned this project more popularity, located opposite to CDA Park Avenue, approximately 8 kilometers away from Chak Shahzad, and can be accessed from Islamabad Highway, Kashmir Highway and Larkana Road.

The availability of various investment options in Bahria Exclave Islamabad for middle, upper middle and the ultra class of Pakistan, makes its importance. Distinguishing features of Bahria Exclave Islamabad include but not limited to, a 5 Star hotel, Spa, Courts, Healthcare Centre, Hospital, Commercial Centre, 100 Feet wide Roads, Manicured Pathways, Green Belts, Lush Green Streets, International Standard School, Lush Green Parks, Underground wiring for Electricity, Water and Gas and Fast Road Security.

These all features, facilities and amenities make Bahria Exclave a notable residential property project in Islamabad.
